As one of the top choices in Dubai, AAJ Gold guarantees the highest rates for buying and selling gold and silver scraps. The best price for scraps or trade-ins for jewellery, tola bars, or kilogram bars is provided by AAJ Gold. The scrap will be turned into a bar shape and weighed in front of the consumer. These bars will be delivered to the lab for the DMCC-regulated test report. To find the weight of pure gold, multiply the assay, or percentage, of gold contained by the bar's weight. As a result, the client may choose the best deal or swap the pure weight for a kilo bar, tola bar, or piece of jewellery of his choosing.
